## Symposium at BASF, May 2009

**A Mini Symposium and a Tour at BASF**  
***“Pharmaceutical Technology-  
Its Future through  
Crystallization and Nano-technology”***

**Technical Panel of Crystallization of the Association of Powder Process Industry and Engineering Japan**  
Coordinator: Hideki Tsuge, Keio Gijyuku University  
Vice-coordinator: Kaoru Onoe, Chiba Institute of Technology  
Organizer: Yasuo Yamazaki, Nippon Chemical Industrial

**The Crystallization Division of The Society of Powder Technology, Japan: Fine Powder Nano-technology and Particulate Modification Technology through Crystallization**

Dear all,

We are pleased to inform you that a mini symposium and a tour at BASF will be held on May 14, 2009 in Germany. This symposium will be held in conjunction with the International Powder Technology Forum (IPTF2009), which will deal with key issues. i.e. on the first day (May 12) cutting-edge pharmaceutical technology and on the second day (May 13) evaluation, nanotechnology and crystallization. Then finally on the third day (May 14) the future of the pharmaceutical technology will be discussed at this symposium. .

Offering a symposium at BASF, a well-known world's leading chemical company, we will aim to let participants to have an opportunity for expanding their understanding of the future perspectives of the pharmaceutical technology through crystallization and nano-technology. Lively exchanges of views among German and Japanese leading researchers will be suggested. Your active participation will be more than welcome.

### Details

Date: 14 May, 2009 from 9:30-17:30

Assembly Point: Messe Frankfurt

Timetable :

09:00	Leaving for BASF by coach
10:30-12:00	Half-Day Symposium
13:30-15:00	Tour at BASF (Laboratory Tour, Visitor Center, etc)
15:00-17:00	Heidelberg Castle and Deutsches Apothekenmuseum
17:30-19:00	Visiting a winery (optional extra)
20:30	Arriving at Messe Frankfurt

\*We will be meeting in the front of Messe and leaving for BASF by coach. The assembly point for gathering will be announced later.

\*The tour will basically finish in Heidelberg. There is an airport bus service to the Frankfurt

airport from Heidelberg, taking about 75min. If you wish to use this service, please refer to the website below listed and make a reservation by yourself.

[http://www.lufthansa-airportbus.com/strecken\\_heidelberg.html](http://www.lufthansa-airportbus.com/strecken_heidelberg.html)

\*The details of the tour will be decided by the middle of April.

\*Latest information will be available at our homepage.

Fee: 80 EUR for Members of APPIE and SPTJ  
 120 EUR for Non-members, 40 EUR for Students \*This participation fee includes: hiring a coach, lunch and an admission fee for Heidelberg Castle.  
 \*An additional expense will be needed for visiting a winery. After the visit, we will go back to Frankfurt by the same coach.

Capacity: Up to 20 people

Application: Please send us an email, in which your name, company, affiliation, address, telephone, email address and your desired course (with or without a winery visit) should be described, to: [info@crystallization.org](mailto:info@crystallization.org)

Due for application: 15 April, 2009

Inquiries: Technical Panel of Crystallization of the Association of Powder Process Industry and Engineering Japan  
 Organizer Yasuo Yamazaki

In conjunction with:

International Powder Technology Forum (IPTF2009) at ACHEMA2009 (29th International Exhibition-Congress on Chemical Engineering, Environmental Protection and Biotechnology)

		International Powder Technology Forum (IPTF)2009	Crystallization	Fine Powder Nano Technology	Particulate Modification Technology	Japan Society of Pharmaceutical Machinery and Engineering
1	May 7 (Thu)			Visiting Corning		
2	May 8 (Fri)					
3	May 9 (Sat)					
4	May 10 (Sun)					
5	May 11 (Mon)	ACHEMA2009 Panel Presentations	Visiting ACHEMA2009	Visiting Max-Planck	Visiting ACHEMA2009	
6	May 12 (Tue)	International Powder Technology Forum (IPTF)2009 (Keynote Lectures/Podium Discussions/Poster Presentations)				
7	May 13 (Wed)	International Powder Technology Forum (IPTF)2009 (Keynote Lectures/Podium Discussions/Poster Presentations)				Visiting Bayer
8	May 14 (Thu)		Symposium at BASF	Visiting ACHEMA2009	Visiting Novartis Animal	Visiting Pfizer
9	May 15 (Fri)					Visiting Boehringer
